

Adult Technical Education Parental Permission

Dear Parent or Guardian:

Your child has expressed interest in participation in our Adult Technical Education Program. These classes are generally made up of adult learners that are not subject to the same background check and screening process that are standard for adults that work with students during the daytime.

In addition, the program to which your child has applied may have inherent safety risks. This class uses tools and equipment that are safe when safety protocols are followed but it is not possible to closely supervise all students at all times to prevent a possible incident resulting from careless or unsafe operation of these tools. If the student does not comply with his/her responsibilities for safety, he or she may be removed from the class.

If you have any questions, please contact me at 802-382-1007. Thank you for your cooperation and for supporting your child's interest in learning with us at the Hannaford Career Center!

Sincerely,

Joy VerPlanck
Assistant Director for Adult Education
